KILLS SELF ON PRINCIPLE

Man Suffering Incurable Pain Believes

HE HAS RIGHT TO END LIFE

Read Arguments on Point—Discussed It with Friends—One Unitarian Clergyman's Views on the Matter.

New York, Nov. 5.—Unable longer to endure an agony which he knew could end only with his life, and having read much on the moral side of a man's right to commit suicide when suffering pain from which scientists were able to promise no relief, Charles Lambrecht, a carpenter, of Brooklyn, in some way got a revolver while in Seney hospital and fired a bullet into his head, dying instantly.

Lambrecht was attacked by a cancerous growth in the throat, from which he knew he must die, but not before suffering years of torture.

At the annual banquet of the New York State Medical society in the hotel Manhattan in the fall of 1903, the Rev. Merle St. Croix Wright, pastor of the Bronx Unitarian church, caused a commotion by his announcement that he believed a man ought to be permitted to end his life rather than endure suffering that could end only with death.

"Where the prolongation of life is simply the prolongation of hopeless agony," he said, "it seems to me that it would be proper that such a patient be allowed to end the suffering."

It seems to me that such a course would be a step forward in civilization and a step farther away from the barbarism of the past.

"I appreciate the practical difficulties in the way of the doctrine, but it seems to me it is not beyond the bounds of possibility. Of course it would be necessary to have the advice and approval of men of the highest scientific attainments."

"The city might be divided into districts, and every case should be considered most carefully, not merely by physicians, but by some eminent clergyman selected for the purpose, and of course the consent of relatives should be obtained and the consent and even the request of the patient himself should be had."

Lambrecht was attacked by cancer four years ago, but was able to continue at his trade until a year ago, when he had to desist because of his suffering. He was under constant treatment, but no doctor could give any promise of relief. It was then that he began to read on the question of suicide justification.

Discussing this with his friends he argued that he was only a burden to himself and those about him. He felt humiliated because his daughter, 20 years old, had to work to support him and his wife, though the girl did it cheerfully.

AMERICAN GIRL STILL MISSING

Mexican Abductor Eludes Pursuers, and Is Now in the Mountains.

Mexico City, Nov. 5.—Segundo Saltero, Mexican kidnaper of Grace Rolph of Pensacola, Neb., has eluded his pursuers and secluded his victim in the mountains of Tamaulipas, according to word received Thursday from Dr. Rolph by Consul Miller at Tampico. Dr. Rolph, at the head of a band of pursuers, is on the trail of the kidnaper and his companions. Many persons were encountered who saw the girl in Saltero's possession. She was said to be in a pitiful plight, having been brutally mistreated. Ambassador Wilson is in daily communication with the Mexican authorities, who assure him that no efforts will be spared to rescue Miss Rolph and bring the outlaw to justice. New forces of rurales from Vera Cruz have been ordered to surround the forest in which Saltero is said to be hiding.

'PHONE GIRL RICH WIDOW.

Comes Into Estate Worth Million at Husband's Death.

San Francisco, Nov. 5.—From telephone operator to widowhood with a large estate in her absolute control is the lot of Mrs. David T. Hanbury, who has left her with the body of her husband, who was a wealthy brewer of London.

Mrs. Hanbury died suddenly at a resort in this state. He fell in love three years ago with Miss Marie Eleanor Mansfield, a telephone operator at Benicia, a little town not far from San Francisco. Her beauty had brought her many admirers. After an impetuous courtship he married her.

As a Christmas gift the husband turned over to Mrs. Hanbury property valued at \$1,000,000, retaining control until after his death. The estate comprises real estate in California, a share in the Hanbury breweries in London, wineries in England and France and mining interests in Pacific coast states.

Home Helps.

When making up unbleached calico, allow an extra inch to the yard to counter-balance shrinking when washed.

To keep the whites of eggs from falling when being whipped, add a pinch of cream of tartar.

Salt mixed with vinegar is excellent for cleaning copper vessels.

To test beef, press it down with the thumb. If it rises quickly, the meat is good.

Oil of lavender, sprinkled about on the bookshelves, will prevent books from mildewing.

Potato parings, dried in the oven, are good to kindle fires, as they light more easily than wood.

A pair of scissors is infinitely better for trimming off the rind from ham or bacon than a knife.

To shrink new flannel, soak it for twenty-four hours in cold water. Hang it on the line without wringing too dry.

One of the square chaffing-dish aprons is made of pink mill with a wide hem or border all around of pink and white striped material. These little aprons can be worked out in all sorts of variations of color, each one as charming as the others.

Dorothy Dexter.

Hoffman Killed Four.

Cedarburg, Wis., Nov. 5.—Louis Hoffman, a brother, was temporarily insane, yesterday shot and killed his 12 year old son, Carl, his wife and brother, Ernest, and Ernest's son, Walter.

SPAIN HOLDS DOWN LID

To Prevent Barcelona Labor Demonstration

OFFICIAL ANNOUNCEMENT

Made by the Government—15,000 More Troops to Re-enforce Rejoice—Considerable Rejoicing Reported Throughout Catalonia.

Madrid, Nov. 5.—The government announced yesterday that it would prevent at all hazards a monster labor manifestation arranged for to-day in Barcelona, to which city the strikers in Sabadell have declared that they will march. General Weyler, captain general of Catalonia, has a big force of troops at his command, but these will be reinforced by fifteen thousand soldiers.

The government claims that the revolutionary leaders, many of whom have been imprisoned, are trying to inflame the masses of the workingmen.

RIOTING IN CATALONIA.

Revolutionary Literature Disturbed. Many Arrests Made.

Barcelona, Spain, Nov. 5.—Union strikers fired upon non-union workmen as the latter were leaving a factory Thursday evening and wounded three. The general strike at Sabadell is assuming a dangerous character. At a meeting of strikers at which inflammatory speeches were made, it was voted to march on Barcelona to-day. Anarchistic literature urging a revolution is being distributed through Barcelona province. Many arrests have been made.

The foregoing dispatch from Barcelona confirms earlier reports that reached the French frontier to the effect that labor troubles in the provinces of Barcelona and Saragossa have afforded the revolutionary element an opportunity to foment a revolution. The rumor reaching Paris that a revolution had occurred. Troops have been hurried into the troubled districts. In view of the censorship to which dispatches from the disturbed centres are subjected it is not likely that they overstate the seriousness of the situation.

GENERAL STRIKE IN CATALONIA?

Spanish Government Said to Be Anxious Over the Situation.

Paris, Nov. 5.—A dispatch to the Petit Journal from Cerbere, near the Spanish frontier, says that a general strike has been declared in Catalonia and will be proclaimed through the whole of Spain within a week. The strike at Saragossa is rapidly spreading but no disorders have been reported. Madrid advises that same paper state that the government is exceedingly anxious over the situation and that troops have been rushed to Barcelona, Saragossa and Sabadell. There is no confirmation of this from other sources, but a Madrid dispatch received here announces that King Alfonso has gone to Ciudad Real on a hunting trip, which would be unlikely if serious troubles were feared.

EXPLAINS 'PADLOCK' BILL.

Canalejas Tells Spanish Senate That It Is a Temporary Move.

Madrid, Nov. 5.—The debate on the "padlock" bill, which prohibits the creation of further religious establishments until the concordat with the Vatican had been completed, was continued in the Senate Thursday. Premier Canalejas explained that the bill was of a transitory character and only applied during two years. In the meantime, he said, negotiations with the Vatican were being pushed in order to settle the question of congregations.

Parliament in 1913.

Peking, Nov. 5.—An official decree was issued yesterday announcing that an imperial parliament, the first in the history of China, would be convoked in 1913.

MEXICAN BURNED AT STAKE.

Mob Seizes Man Who Shot Woman Who "Spoke Mean" to Him.

Rock Springs, Tex., Nov. 5.—Antonio Rodriguez of Las Vetas, Tex., 20 years old, was burned at the stake Thursday night by a mob, following his confession that he shot and killed Mrs. Lem Henderson, wife of a ranchman, Thursday, because she "spoke mean" to him.

Rodriguez was arrested when he applied at a ranch near Rock Springs for food. The forming of the mob began soon afterwards, and by night several thousand persons had gathered. The crowd stormed the frail jail, overpowered the guard, and escorted Rodriguez some distance from the city to a prepared pyre.

Without a show of emotion and offering little resistance, Rodriguez was bound to the stake and the torch applied. When his body was incinerated, the mob dispersed. Conditions now are normal, and no further disorder is anticipated.

ROOSEVELT IN IOWA.

Guest of Octave Thanet—Speaks to Large Crowd in Davenport.

Davenport, Ia., Nov. 5.—Col. Roosevelt arrived in Davenport early yesterday morning. At 8 o'clock he went by automobile to the house of Miss Alice French (Octave Thanet), where he was entertained at a breakfast to which a few political friends were invited.

Col. Roosevelt spoke in Central park at 10:30 o'clock yesterday morning, and chilly weather did not prevent a crowd from gathering early for the open-air meeting.

Bryan to Shoot Ducks.

Austin, Tex., Nov. 5.—The state game warden has issued a license to hunt in Texas to William J. Bryan, who will arrive at his farm near Mission in the lower Rio Grande valley on November 22. Mr. Bryan will pass several weeks there cultivating the land and shooting ducks.

Catarrh of the Stomach a Prevalent Disease Difficult to Relieve.

A PROMPT AND EFFICIENT REMEDY.

Mr. S. W. Jackson, 315 Weaver Block, Greenville, Ohio, says: "While I was superintendent of construction of J. F. Bender and Bros. Co., of Hamilton, Ohio, I became entirely unfit for business with catarrh of the stomach."

"A friend called my attention to a remedy for this condition. I began to improve at once. I was soon able to return to my former profession."

"It would require many pages to describe the condition I was in and the relief I have obtained."

Here is another case. Officer George Y. Stont, 724 North Broadway, Baltimore, Md., says: "I suffered very much with catarrh of the stomach and nervous indigestion. I lost fifty pounds in four months."

"A friend called my attention to a remedy, which I used, and gradually got well. I have gained half my lost weight back again."

Chronic Stomach Trouble.

Mr. Robert J. Gillespie, 633 South Main St., Los Angeles, Cal., secretary of Lather's International Union, was also suffering from catarrh of the stomach a long time. He grew thinner and paler, lost all ambition and appetite. Sick at the stomach, indigestion continued.

A friend also called his attention to a remedy, which brought about a decided improvement. After continuing the use of the remedy for a month, he considers himself permanently relieved.

Now, once more, Mr. Christian Hoffman, Slaton, Pa., says he suffered for many years with catarrh of the stomach. It produced a miserable cough, day and night. He tried doctors and many remedies. At last his attention was called to a remedy, the same remedy that relieved the others which have been referred to above. He claims that he was entirely rid of his stomach difficulty.

Peruna Brought Back Health.

What was the remedy that has wrought this remarkable relief? So far, the remedy has not been mentioned.

If any one doubts the correctness of these statements it is very easy to verify them by writing to the people whose names have been given, enclosing a stamp for reply.

The remedy is within the reach of every one. It is simply the good, old standard reliable remedy known as Peruna.

If you have any of these symptoms get a bottle of Peruna. Take a dose before each meal. See if your stomach does not immediately feel better, your appetite improve, your digestion at once resume business.

People who object to liquid medicines can now secure Peruna tablets.

ROSENHEIMER ACQUITTED.

Auto Driver Who Ran Down and Killed Woman Is Free.

New York, Nov. 5.—After only 30 minutes of deliberation, a jury acquitted Edward T. Rosenheimer yesterday of criminal negligence in causing the death of Miss Grace Hough by running down in his automobile the buggy in which she was riding.

The case had been followed with close attention because of the wealth of the defendant and the attempt of the people to convict for murder.

On the evidence, however, Justice O'Gorman withdrew from consideration of the jury the charge of murder, first and second degree, and manslaughter in the second degree. "The question for you, gentlemen, to decide," he said, "is did the defendant employ reasonable care? Did he have his car under reasonable control?"

Evidence had been adduced to show that the buggy carried no tail lamp, and that it was carelessly driven, but the jury found the testimony insufficient. Rosenheimer's young wife went hysterical with joy when she learned the verdict. Her husband took it coolly.

PROBLEM IN IMMIGRATION.

Canadians Willing to Make Agreement if United States Can.

Ottawa, Nov. 5.—A delegation of railroad men representing lines in the United States which touch the international boundary, saw Frank Oliver, minister of the interior, Thursday, in regard to the immigration regulations of Canada, which require a railroad to take back to the place where he bought his ticket any immigrant to Canada who is rejected by the dominion authorities. It was stated that there was difficulty on the United States side of the line in complying with the order, as the rules of the interstate commerce commission forbid railroads to carry any passenger free. Mr. Oliver agreed to modify the regulations if the United States railroads would undertake to carry rejected immigrants back to the first divisional point, provided it is at least one hundred miles from the boundary.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice proffered and be well.

Wood Is Cheaper Now!

After October 11th, the price of Chair Wood will be reduced to \$2.25 per load.

Body Wood, fitted for stove (forty cubic feet), per load \$3.00

Body Wood, blocked, (forty cubic feet), per load \$2.75

Chair Wood, (fifty-six cubic feet), per load \$2.25

It is the best of all skin preparations, and is used by the most beautiful women in the world.

FEED T. HOPKINS, Prop., 37 Great Jones Street, New York.

There were no flights yesterday, but he said the meet would be started again as soon as necessary repairs could be made and the weather permitted.

Baltimore Aviation Enthusiasts Not Discouraged by the Storm.

Baltimore, Md., Nov. 5.—Colonel J. H. Joyce, chairman of the committee that is promoting the Baltimore aviation meet, announced yesterday that the meet would continue. He declared that the reports of the damage to the aeroplanes by Thursday night's storm were greatly exaggerated.

There were no flights yesterday, but he said the meet would be started again as soon as necessary repairs could be made and the weather permitted.
